MAX Offers Help Beyond the Claims Check in Greensburg

After a recent trip to Greensburg, KS, the MAX (MutualAid eXchange) Claims team has made contact with each member who needed to report a claim due to damage caused by an EF-5 tornado that plowed through their community the evening of May 4. Although MAX was able to give quick financial assistance for damages and living expenses, the help went beyond the claims check with the integration of the MAX Mutual Aid Ministries program to assess the physical, emotional and spiritual needs of those affected by this devastating natural disaster.

Plans for continued assistance to help restore wholeness for MAX members and the entire Mennonite community of Greensburg are being made for the months to come.

Jim Miller, Vice President of Loss Control Services for MAX, reported, "The magnitude of loss is so great but the members we have spoken to have been very resilient. Our message to them is our commitment to restoring wholeness back into their lives - whether it's physically, emotionally or spiritually."
